\* If you are a scholar in a field other than law (or a legal scholar not yet tenured in a law school), please be patient. We are starting small and hope to cover other fields soon. We also hope to come up with or be shown a marker of scholarship that is more accurate and reliable than tenure. We welcome your suggestions.

† See [www.greenbag.org](http://www.greenbag.org). To prevent fraud, your recommendations will be posted only after someone from the *Green Bag* emails/telephones you at the address/number we find on your faculty page at your school’s website to verify that it really is you who completed this form.
